## Competition Regulations

These Competition Regulations are the rules governing Netball Tasmania competitions. They are the operating procedures that determine the conduct and direction of the competitions.

Netball Tasmania exists to improve people's lives through netball. Our vision is to grow and diversify our revenue streams to reinvest more into our netball community each year.

Through competitions Netball Tasmania's strategic drivers of, a life-long love of netball, being member centric, Tasmanian netball dominance, and building our netball community, can be achieved.

Netball Tasmania will support participation of all groups and populations including girls, boys, women, aged, indigenous, disabled, and culturally and linguistically diverse. All competitions will provide a welcoming environment and create awareness around cultural views and barriers.

## Competition Conditions

- **Entry fee:** There is an entry fee of \$200 per team which will be invoiced to the school at the end of the Championships.
- **Rules:** Competition Matches will be played according to the INF Rules of Netball 2020 edition, except where specified below.
- **Conduct:** Competition Matches are to be run in good spirit. This requires Coaches, Teachers and Officials to emphasise to their players that they are to always compete in a sportsmanlike manner. Unduly rough play on the court will not be tolerated in any way. Players displaying this type of behaviour will be sent from the court by umpires. Coaches, bench staff and spectators criticising and/or arguing with officials will likewise not be tolerated. After a warning, offenders will be required to leave the competition area.

- **Nails and jewellery:** Nails and/or jewellery may be taped, but this must be to the satisfaction of the match umpires and meet the following conditions. Taped nails must have one piece of tape over the top of the nail and down to the first knuckle, and at least one piece of tape around the nail. Rigid sports tape must be used, no band aids or paper tape permitted.

For State Finals, Competition Matches will comprise of 4 x 8-minute quarters, with 2 minutes for quarter-time and three quarter-time, and 4 minutes for half-time.
- **Rolling substitutions:** Rolling substitutions will be permitted as per the following conditions:
  - Substitutions may take place at any time, without needing to stop play or inform the umpire
  - Substitutions take place off court, close to the transverse line which is closest to that team's bench area – the player coming off must leave the court before the substitute enters
  - Players should not go offside while making a substitution
- **Timing:** Where possible Competition Matches will be centrally timed.
- **Scoring:** All Competition Matches will be scored via a paper-based scoresheet and well as live scored using PlayHQ.
- **Regional Carnival Competition Format:** Regional Carnivals will be played in a round robin format, followed by placing finals, including a Grand Final to determine the Regional Champion and Runner Up, who will each be invited to the State Finals. In the event that either cannot attend the State Final, the team placing 3<sup>rd</sup> will be invited in their place.

- **State Final Competition Format – 6 teams:** State Finalists will be split into 2 pools (1x South, North and North-West team per pool) and will play against teams in their respective pools. This will result in 1<sup>st</sup> – 3<sup>rd</sup> placings at the conclusion of the round matches. The 1<sup>st</sup> and 2<sup>nd</sup> placed teams in each pool will cross over to determine the 2 Grand Finalists, who will play off to be State Champions.

## Umpires

All schools are required to supply an umpire if possible. Schools may also pay \$100 per team for an umpire which Netball Tasmania will supply (this is done through the team entry registration). Umpire details must be submitted at least 2 weeks prior to competition day. The umpiring roster will be provided by Netball Tasmania. Umpires will not umpire their own school or team's matches and must be available for all rounds. It is suggested that a school supplied umpire is not also a coach or player on the day, if possible. Netball Tasmania require all umpires to bring their own whistle for use during the carnival and a white shirt/jacket.

## Scorers

Each school will provide one scorer per match, who will sit alongside the opposing scorer on the score bench for the duration of the match. One scorer will complete a paper score sheet and track centre passes, whilst the second scorer will use a Netball Tasmania supplied iPad to live score through PlayHQ. The second scorer will also be responsible for digitally updating the scoreboard on the court. All instructions will be provided to scorers on the day.

## Forfeits

Forfeits at any stage of the competition are strongly discouraged. If a team forfeits, they must notify the Competition Coordinator. The forfeiting team will receive 0 competition points and 0 goals for the game, and the opposing team will receive 2 competition points and 10 goals.

## Appeals

All matters pertaining to an umpires' ruling are not subject to appeal. Umpires control a match according to the Rules. Their decisions are final and are given without appeal.

For matters relating to competition conditions, queries should be directed to the Competition Co-ordinator or relevant Regional Coordinator, whose decision shall be final.
